

# VvAA in short (1)

- The association VvAA, founded by healthcare professionals in 1924, is the business services provider for professionals in the Dutch healthcare sector. The association has more than 123.000 members, all of whom work as doctors, general practitioners, medical specialists, dentists, veterinarians, midwives, pharmacists, physiotherapists or in other paramedical professions.
- VvAA has approximately 686 employees. VvAA's staff, specialised in the profession, provide high-quality advice on all aspects of professional practice and in relation to personal circumstances. Our services range from advice on setting up and managing a practice, nonlife and life insurance policies, auditing, accountancy, tax advice and financial planning, consultancy on e- and mHealth to legal services and portfolio management.
- VvAA is the market leader in the healthcare sector and a trendsetter in the area of medical liability insurance. How can we be of assistance to foreign colleagues? If you would like to work in the Netherlands, we'd love to help you with your questions. We can also refer you to various organisations or persons in the Netherlands which may be relevant to you.

## How can we be of assistance to foreign colleagues?

- If you would like to work in the Netherlands, you can obtain information from VvAA's foreign desk, such as information on setting up your own practice. The foreign desk can also refer you to various organisations in the Netherlands which may be relevant to you.
