

# MDU

## **The MDU – the UK market leading provider of professional medical indemnity**

- The MDU is the UK's leading medical defence organisation, a mutual, not-for-profit organisation owned by our members — doctors, dentists and other healthcare professionals. Since 1885, we have been indemnifying healthcare professionals for incidents arising from their clinical care of patients.
- Professional medical indemnity from the MDU offers much more than financial assistance when things go wrong. We guide, support and defend members throughout their entire career.

## **Guiding, supporting and defending members**

- Our team of doctors, lawyers and claims handlers is the largest team of medico-legal experts in the UK. We defend the professional reputation of our members when their clinical performance is called into question.
- Our medico-legal advice line is available 24 hours a day, 365 days a year and members can seek our assistance with a wide range of medico-legal and ethical issues such as:
  - Confidentiality
  - Consent
  - Ethics
  - Risk management
- Members can also take advantage of the MDU learn and develop programme which offers CPD, training and revalidation support through face to face courses and seminars or online learning programmes.
